Twin Lakes Telephone Cooperative Corporation’s demonstration of complying with applicable service quality standards and consumer protection rules for voice and broadband services:

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

As a Cooperative, and in accordance with Tennessee Code Annotated, Title 65 Public Utilities and Carriers, Chapter 29 Telephone Cooperatives, **Twin Lakes Telephone Cooperative Corporation** (“Cooperative”) is not governed by the Rules of the Tennessee Regulatory Authority for service quality standards and consumer protection rules. However, the Cooperative in the interest of protecting its own customers has incorporated consumer protection procedures comparable to those required of ILEC’s in the State of Tennessee, allowing the Cooperative to meet or exceed existing TRA rules. These procedures include, but are not limited to, the following: (1) publishing the rates, terms, and conditions of service; (2) implementation of anti-slamming and

consumer protection procedures; (3) modeling bill presentation to reflect the truth-in-billing requirements; and (4) CPNI, Red Flag Rules, and other applicable federal requirements governing the protection of customers' privacy.

The Cooperative is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3.

Twin Lakes Telephone Cooperative Corporation's demonstration of ability to function in emergency situations for voice and broadband services:

Twin Lakes Telephone Cooperative Corporation ("Cooperative") hereby certifies that it is able to function in emergency situations as set forth in Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2).¹ The Cooperative's network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Cooperative can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Cooperative to manage traffic spikes throughout its network, as emergency situations require.

As a Cooperative, and in accordance with Tennessee Code Annotated, Title 65 Public Utilities and Carriers, Chapter 29 Telephone Cooperatives, the Cooperative is not governed by the Rules of Tennessee Regulatory Authority, Chapter 1220-4-2, 1220-4-2-.23 Emergency Operation. However, the Cooperative is in compliance with all Federal emergency situations rules, since the Cooperative's central offices have adequate provision for emergency power. In addition, these backup power provisions also enable the Cooperative to meet or exceed existing TRA rules for emergency operations. Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Cooperative has battery backup at all office locations and in its electronic equipment sites. Length of run time

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

is determined by the equipment serving the area and the number of customers working out of the equipment. The Cooperative's standby generators and battery back-up support both voice and broadband network equipment should an emergency situation occur.

Failure to pay the full bundle price in any calendar month is grounds for automatic termination of the bundle, and applicable Early Termination Fees, equipment charges, and other fees and penalties may apply.

4. CUSTOMER RESPONSIBILITIES AND LIMITATIONS ON LIABILITY

You agree to use the Services only for lawful purposes. This means that you agree not to use them for transmitting or receiving any communication or material of any kind when in Twin Lakes' sole judgment the transmission, receipt or possession of such communication or material (i) would constitute a criminal offense, give rise to a civil liability, or otherwise violate any applicable local, state, national or international law or (ii) encourages conduct that would constitute a criminal offense, give rise to a civil liability, or otherwise violate any applicable local, state, national or international law.

The parties agree that no arbitrator has the authority to: (i) award relief in excess of what this Agreement provides; or (ii) award punitive or exemplary damages. Judgment on the award rendered by the arbitrators may be entered in any court having jurisdiction thereof. All claims shall be arbitrated individually and Customer will not bring, or join any class action of any kind in court or in arbitration or seek to consolidate or bring previously consolidated claims in arbitration. To the extent court action is initiated to enforce an arbitration award or for any other reason consistent with the Mandatory Arbitration provision herein, you and Twin Lakes agree to submit to the personal and exclusive jurisdiction of the courts located within the state of Tennessee and waive any objection as to venue or inconvenient forum. The failure of Twin Lakes to exercise or enforce any right or provision of the Agreement shall not constitute a waiver of such right or provision. If any provision of the Agreement is found by a court of competent jurisdiction to be invalid, the parties nevertheless agree that the court should endeavor to give effect to the parties' intentions as reflected in the provision, and the other provisions of the Agreement remain in full force and effect.
